A close-up photograph of several parallel wooden slats, likely part of a modern interior design element like a bench or a screen. The slats are made of a light-colored wood with a visible grain pattern. They are arranged in a slightly overlapping manner, creating a sense of depth and texture. The lighting is soft, highlighting the natural grain of the wood. In the background, a dark, possibly black, surface is visible, providing a contrast to the light wood.

Black Glass

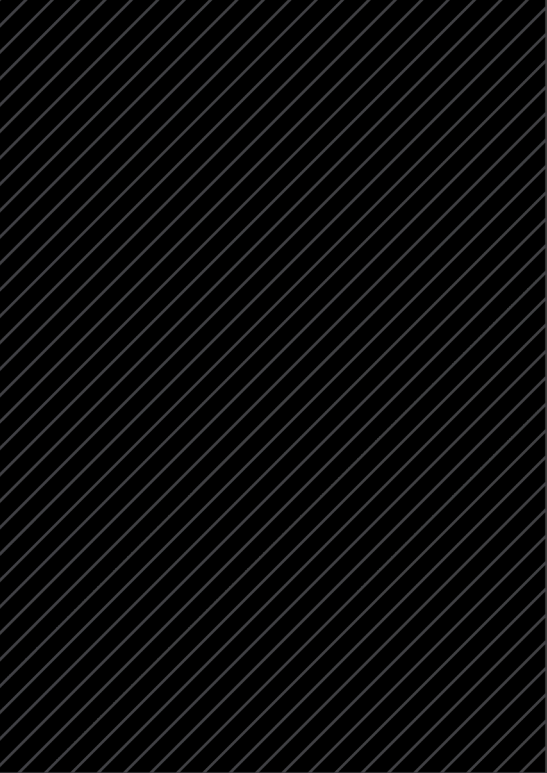

A photograph of a modern double glass door set within a wood-clad exterior. The door is made of two large glass panels held by slim vertical metal frames. The surrounding wall is made of horizontal wood planks. To the left and right of the door are lush green plants, including palm fronds and a leafy shrub in the bottom left. The glass reflects a blue sky with white clouds and the silhouettes of the plants. A small, dark, rectangular object is visible on the right glass panel, likely a handle or lock mechanism. The overall scene is brightly lit, suggesting daytime.
